using APIs, the Integration Center, SAP Cloud Platform, or templates. Highlights include: 1) SAP ERP HCM and SAP S/4HANA 2) Employee Central 3) Employee Central Payroll 4) Recruiting and Onboarding 5) Learning 6) Compensation and Variable Pay 7) Performance and Goals 8) Custom integrations 9) SAP Cloud Platform 10) Integration Center 11) Data migration 12)

Third-party systems [SAP S/4HANA Sourcing and Procurement Certification Guide](#) John Wiley & Sons In a smarter planet, information-centric processes are exploding in growth. The mainframe has always been the IT industry's leading platform for transaction processing, consolidated and secure data serving, and support for available enterprise-wide applications. IBM® has

extended the mainframe platform to help large enterprises reshape their client experiences through information-centric computing and to deliver on key business initiatives. IBM zEnterprise® is recognized as the most reliable and trusted system, and the most secure environment for core business operations. The new zEnterprise System consists of the IBM zEnterprise EC12 (zEC12) or IBM zEnterprise BC12 (zBC12), the IBM zEnterprise Unified Resource Manager, and the IBM zEnterprise IBM BladeCenter® Extension (zBX) Model 003. This IBM Redbooks® publication describes the zEC12 and zBC12, with their improved scalability, performance, security, resiliency, availability, and virtualization. The zEnterprise System has no peer as a trusted platform that also provides the most efficient transaction processing and database management. With efficiency at scale delivering significant cost savings on core processes, resources can be freed up to focus on developing new services to drive growth. This book provides a technical overview of the zEC12, zBC12, zBX Model 003,

and Unified Resource Manager. This publication is intended for IT managers, architects, consultants, and anyone else who wants to understand the elements of the zEnterprise System. For this introduction to the zEnterprise System, readers are not expected to be familiar with current IBM System z® technology and terminology. Project Management for SAP

S/4HANA Apress Preparing consolidated financial statements for an enterprise with a parent and one or more subsidiaries requires a detailed review of underlying transactions in order to properly reflect results and financial position. For large, integrated, and multinational organizations, likely with millions of transactions, it is imperative that the

financial accounting software facilitate this process. This expertly written guide focuses on leveraging SAP S/4HANA Finance for group reporting. Explore key functionality and how the universal journal has led to the evolution of the group reporting solution. Using a detailed case study, the author discusses configuration and master data and walks the reader

through the period-end process for consolidation and explores reports using financial transactions that have already been entered into SAP S/4HANA Finance for group reporting. Explore reports delivered with SAP S/4HANA Finance for group reporting. This book is targeted at both finance professionals and the functional consultants who perform the configuration

and execution of processes for preparing consolidated financial statements. By using practical examples, tips, and screenshots, this book covers: - SAP S/4HANA Finance for group reporting and the universal journal - Configuration and master data - Period-end process for consolidation - Reporting and analysis Functionality and Configuration IBM Redbooks This IBM®

Redpaper™ publication gives a broad understanding of a new architecture of the IBM Power System E950 (9040-MR9) server that supports IBM AIX®, and Linux operating systems. The objective of this paper is to introduce the major innovative Power E950 offerings and relevant functions: The IBM POWER9™ processor, which is available at frequencies of 2.8 - 3.4 GHz. Significantly

strengthened cores and larger caches. Supports up to 16 TB of memory, which is four times more than the IBM POWER8® processor-based IBM Power System E850 server. Integrated I/O subsystem and hot-pluggable Peripheral Component Interconnect Express (PCIe) Gen4 slots, which have double the bandwidth of Gen3 I/O slots. Supports EXP12SX and ESP24SX external disk drawers,

which have 12 Gb Serial Attached SCSI (SAS) interfaces and support Active Optical Cables (AOCs) for greater distances and less cable bulk. New IBM EnergyScale™ M technology offers new variable processor frequency modes that provide a significant performance boost beyond the static nominal frequency. This publication is for professionals who want to acquire a

better understanding of IBM Power Systems™ products. The intended audience includes the following roles: Clients Sales and marketing professionals Technical support professionals IBM Business Partners Independent software vendors (ISVs) This paper expands the current set of Power Systems documentation by providing a desktop reference that offers a detailed

technical description of the Power E950 server. This paper does not replace the current marketing materials and configuration tools. It is intended as an extra source of information that, together with existing sources, can be used to enhance your knowledge of IBM server solutions.

· Includes real-world strategies for implementing SAP ERP cash management components ·

Provides

business users with an explanation of SAP's liquidity management solutions ·

Features practical coverage of Cash Management, In-House Cash, Bank Communication Management, and more

This book explains the functionality of all key SAP cash management components, including best practices, real-world business scenarios, key configuration, and master data

information. It explains how all the components can be integrated, and how both the individual components and the integrated solution can be maximized for optimal performance. Topics covered include electronic banking, Cash Management, Liquidity Planner, In-House Cash, Bank Communication Management, and integration with SAP ERP Financials. Opti

mal Cash Management Processes Learn how you can optimize the performance of your SAP cash management processes to be as efficient and accurate as possible. Configuration Information Take advantage of screenshots and step-by-step instructions that will help you maximize the configuration of your SAP cash management systems to meet your

needs. Trends and Best Practices Discover the trends and best practices of cash management with SAP. Extensive Coverage of SAP Components Maximize your cash management processes for electronic banking, Cash Management, Liquidity Planner, In-House Cash, and Bank Communication Management. Integration Information Explore how SAP's cash management

offerings integrate with SAP ERP Financials processes, such as procure-to-pay and order-to-cash. Highlight s · Cash Management · Electronic banking · Bank Communicatio n Management · In-House Cash · Liquidity Planner · Business process integration · Cash position report

Cash Management with SAP S/4HANA SAP Press Class-tested and coherent,

this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to

the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully

structured in order to make teaching more natural and effective.

Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.

 This is the eBook version of the print title. Note that the eBook does not provide access to the practice test software that accompanies the print book. Access to the personal video mentoring is available through product registration at Cisco Press; or see the instructions in the back pages of your eBook. Learn, prepare, and practice for CCNP/CCIE Data Center Core DCCOR 350-601 exam success with this Cert Guide from Cisco Press, a leader in IT certification learning and the only self-study resource approved by Cisco. · Master CCNP/CCIE Data Center Core DCCOR 350-601 exam topics · Assess your knowledge with chapter-ending quizzes · Review key concepts with exam preparation tasks · Learn from more than two hours of video mentoring
 CCNP and CCIE Data Center Core DCCOR 350-601 Official Cert Guide is a best-of-breed exam study guide. Expert authors Somit Maloo and Firas Ahmed share preparation hints and test-taking tips, helping you identify areas of weakness and improve both your

conceptual knowledge and hands-on skills. Material is presented in a concise manner, focusing on increasing your understanding and retention of exam topics. The book presents you with an organized test-preparation routine through the use of proven series elements and techniques. Exam topic lists make referencing easy. Chapter-ending Exam Preparation Tasks help

you drill on key concepts you must know thoroughly. Review questions help you assess your knowledge, and a final preparation chapter guides you through tools and resources to help you craft your final study plan. The book also contains more than two hours of personal video mentoring from the Pearson IT Certification Complete Video Course. Go to the back pages of your

eBook for instructions on how to access the personal video mentoring content. Well regarded for its level of detail, assessment features, and challenging review questions and exercises, this study guide helps you master the concepts and techniques that will help you succeed on the exam the first time. This official study guide helps you master all the topics on the CCNP/CCIE Data Center

Introduction
SAP Press
Across
numerous
vertical
industries,
enterprises
are challenged
to improve
processing
efficiency as
transactions
flow from their
business
communities
to their
internal
systems and

vice versa,
simplify
management
and expansion
of the external
communities,
accommodate
customer and
supplier
preferences,
govern the
flow of
information,
enforce policy
and
standards,
and protect
sensitive
information.
Throughout
this process,
external
partners must
be on-boarded
and off-
boarded,
information
must flow
across
multiple
communicatio
ns

infrastructures
, and data
must be
mapped and
transformed
for
consumption
across
multiple
applications.
Some
transactions
require
synchronous
or real-time
processing
while others
are of a more
periodic
nature. For
some classes
of customer or
supplier, the
enterprise
might prefer a
locally-
managed, on-
premise
solution. For
some types of
communities
(often small

businesses), an as-a-Service solution might be the best option. Many large enterprises combine the on-premise and as-a-Service approach to serve different categories of business partners (customers or suppliers). This IBM® Redbooks® publication focuses on solutions for end-to-end integration in complex value chains and presents several end-to-end common

integration scenarios with IBM Sterling and IBM WebSphere® portfolios. We believe that this publication will be a reference for IT Specialists and IT Architects implementing an integration solution architecture involving IBM Sterling and IBM WebSphere portfolios. *Designing Dashboards with SAP Analytics Cloud* SAP PRESS "SAP Foreign Currency Revaluation-

regulations, its impact, and what it takes to implement it in SAP-is a single handbook that simplifies a complex and daunting task of currency valuation for SAP and other ERP implementers. A must-read!" -Kalpesh Khandhadia, SAP Consultant, Linksoft-IT Inc. "Following the process presented in this book, we eliminated the hours we spent each month manually reviewing and

<p>adjusting our global currency financial statements. Thank you Susanne Finke, for making this complicated topic understandable!" -Ron Roberts, Process Lead, Financial Systems, Hollister Inc.
